CLASSICAL HOMEOPATHY

E-LEARNING PROGRAM

by George Vithoulkas

**"This is an excellent chance to learn
Homeopathy with George Vithoulkas"**

It is a unique chance to learn homeopathy AT HOME, save money for hotel and travel and study with George while you sit at home. The program contains all you need to become an excellent homeopath because you will understand the rules of homeopathy and learn how to apply them. The program is also a challenge for every experienced homeopath to deepen the knowledge based on what was until now only available for those students who travelled to the Greek island Alonissos or booked the video training. You will understand what is important for prescribing within the patient and what is important within the Materia Medica to base the prescription onto.

The theory of the Levels of Health will enable you to deeply understand the process your patient is going through and you will understand when to apply what potency, how often to repeat it and what to expect as a reaction.

You will have the possibility to follow the long-term treatment of many cases, how George Vithoulkas takes the case, how he analyses and synthesizes the information in order to find the correct remedy, what strategies he uses to come to a prescription and how he differentiates the remedies.

In general, you will attend an absolutely high standard and quality of teaching.

It contains:

- Theory
- Materia Medica
- Case Studies
- Repertorisation
- Parameters determining the Level of Health of each patient
- Evaluation and Analysis of each case that shows the process of finding the correct remedy
- General Topics about Homeopathy and Health.
